Members serve clients in major commercial centers and capitals in more than 62 countries, every U.S. state capital city and the District of Columbia. Firms in the network are unified by a culture of premier legal practices and industry leadership; an elevated dedication to client service and responsiveness; a commitment to diversity and inclusion; and a devotion to transparent, innovative and fair billing practices.

About Us

Carefully curated over the past 30 years and now comprising more than 12,000 attorneys—many of whom are corporate *and* community leaders in their home jurisdictions—SCG Legal’s network has the global reach, resources and influence to quickly mobilize teams that drive value and assist clients with matters of all sizes, including ‘bet the company’ representations, for a wide variety legal matters involving complex litigation, restructurings, employment issues, M&A deals, corporate transactions and more.

As a worldwide community of mainly regional firms, SCG Legal enables its members to serve clients through a trusted referral network of experienced and politically connected attorneys and professionals that includes former government officials such as ministers, members of congress, governors, mayors, attorneys general and legislative and administrative agency leaders. Consequently, the network has earned global esteem by consistently representing many of the world’s leading companies, organizations and startups in a wide range of economic, political and regulatory matters across more than 100 jurisdictions ... while offering the kind of personal attention larger global firms often promise—but can seldom deliver—and typically at far more reasonable billing rates.

SCG Legal’s network is unified by premier legal practices, industry leadership and collegiality. This bond uniquely positions member firms to provide accurate and comprehensive information

about activities in major commercial centers and capitals around the world, anticipating and proactively addressing shifts in international legal and regulatory landscapes on a daily basis to help advocate for clients on matters with local, regional and global impact.

Dynamic collaboration is a hallmark of SCG Legal, ensuring member firms attract and retain clients from a wide variety of industries through partnering opportunities that offer more value and a full suite of international services. No matter where a client’s interests reach—on Earth, in our galaxy or beyond—members can provide the strategic resources necessary to navigate any legal challenge. This reality is constantly reinforced through SCG Legal’s robust, relevant and timely resource offerings, which enable attorneys and legal professionals to stay up-to-date through training programs, practice and industry group committees, regional teams, topical webinars, breaking news alerts and more.

United States

5,568 attorneys | 54 firms | 234 offices

SCG Legal was founded in the U.S. in 1989 by the governors of 17 American states. The organization began with the premise that clients would be best served by lawyers who not only knew the law but were also familiar with how and by whom it was made. This point of view ultimately led the founders to locate and associate with law firms in their respective state capitals and major commercial centers. As the network expanded domestically and internationally—eventually connecting every state and 60 countries—the founders consistently partnered with firms that matched their vision for strategic and collaborative practice management as well as innovation in the practice of law and public policy.

Today, in each state capital as well as Los Angeles, New York City, Chicago and the District of Columbia, firms provide legal advice in every practice of law across every industry. Most of these firms are Chambers ranked with a proven ability to deliver seamlessly integrated government relations campaigns that positively impact business outcomes for clients around the world. They help clients with public procurement efforts, influence key decision makers in government through meaningful engagement and protect their brands and reputations. They also provide day-to-day regulatory counsel, bipartisan public advocacy strategy and critical 'on the ground' support at the local, state and federal levels.

U.S. member firms offer incredible client value through the knowledge and experience of numerous former public officials as well the most skilled and seasoned attorneys and professionals in the nation. Their long-standing relationships within local and regional communities provide strategic and competitive advantages regardless of business focus, and through partnering with other firms in the network they can leverage long-established, highly credible reputations with government officials, financial institutions and other intermediaries to help domestic and international clients identify business opportunities, remain at the forefront of industry impact, overcome challenges quickly and move swiftly and smoothly through government approval processes.

Our Commitment to Diversity and Inclusion

Given its proven thought leadership in the global legal industry, SCG Legal launched a Diversity and Inclusion program in January 2020, which resulted in all member firms adopting the policy below.

The SCG Legal network is committed to fostering among its member firms an environment where Diversity and Inclusion are encouraged, and to facilitating each member firm's reputation for excellence, experience and connection not only in the jurisdictions in which they operate but across jurisdictions as they collaborate with one another to support their respective clients. In furtherance of those objectives, SCG Legal encourages its member firms to institute and implement policies to promote Diversity and Inclusion in the profession and at their respective firms. As a global network invested in the success of its member firms, SCG Legal's commitment to Diversity and Inclusion extends to its professional development opportunities, the composition of its board of directors and committees and its relationships with others.

#SCGThrive

As an extension of the organization's unwavering commitment to the wellness of each member firm's attorneys and professionals, their family members and clients, SCG Legal launched #SCGThrive in April 2020. This initiative seeks to address eminent well-being issues inherent in the legal profession, many of which intensified as a result of the COVID-19 pandemic, and is grounded in five main pillars: Work-Life Balance, Stress Management, Authentic Connections, Healthy Habits and Mindfulness. The pillars guide a mixture of instructional webinars, proactive tool kits, practical resources and motivational activities offered regularly to support healthy, productive and balanced lives for those in or associated with the legal industry.
